

John Leone New Football Coach

John Leone has been baseball coach at Scituate High School since 1973 and will continue in that capacity as well as a business teacher, but he's also the new football coach at Cohasset.

At this point, Leone may continue as Cohasset wrestling coach but probably not as Scituate mat aide and obviously not as Sailor grid assistant.

Leone, who lives in Carver and is a graduate of Nor-

wich Free Academy, his Connecticut home town, and Boston College, is 34. He succeeds Denis Walsh, who resigned after two seasons in order to continue master's studies but will continue his teaching duties.

Walsh in his two seasons compiled a 5-5 record in 1977 and 2-7 last season.

Leone hopes his exposure at Cohasset as an assistant will generate interest and increase the turnout for football next

fall.

"I hope the students I know will spread the word and get kids to come out," he said. "I've met a lot of them and had 25 out for wrestling. There's pride and tradition in Cohasset. I've always wanted to coach football and am looking forward to it."

At Boston College, Leone was All-East his senior year as a linebacker and won the Scanlon Scholar-Athlete award.
